

PRO PILOT **MEDICAL**

Building the first European and French IoT
platform solution for medical applications

KAPTREK

ADDICTED TO THE FUTURE

FAB'ONE

OUR PRODUCT

At the forefront of critical healthcare interventions, KAPTREK PRO PILOT stands out as an innovative solution meticulously crafted to address the intricate challenges within the healthcare profession. Conceived with a visionary outlook, our all-in-one product goes beyond conventional boundaries by seamlessly integrating a spectrum of strategic features, reshaping the landscape of medical operations and emergency response.

KAPTREK PRO PILOT encapsulates more than just advanced technology; it embodies a proactive solution tailored to the contemporary needs of healthcare services, amalgamating innovation, adaptability, and technological sovereignty. From real-time patient tracking to secure communication, emergency management, and the oversight of connected medical devices, our comprehensive solution delivers a decisive advantage in dynamic healthcare scenarios.

This introduction marks the commencement of an exhaustive exploration into the capabilities of KAPTREK PRO PILOT, aimed at providing healthcare professionals with a versatile and reliable tool finely tuned to the specific demands of medical operations, ensuring the highest standards of patient care and safety.

WHAT DO WE OFFER

- 
DESIGN AND MANUFACTURING
 100% developed and manufactured in France
- 
HARDWARE
 Proprietary electronic and mechanic product architecture
- 
OS / FIRMWARE
 Proprietary Operating System and micro software
- 
EMBEDDED SOFTWARE
 Proprietary embedded application software

ADVANCED CUSTOMIZATION

Needs Analysis: Our experts will work closely with your team to thoroughly understand your processes, requirements, and specific goals.

Custom Development: We will design and develop features tailored precisely to your needs, whether it's for firemen safety, mission management, real-time tracking, navigation, or other applications specific to your hospital / emergency sector.

Seamless Integration: The new features will be seamlessly integrated into the existing KAPTREK PRO PILOT platform, ensuring a consistent and efficient user experience.

SECURITY AND COMPLIANCE

Data Management: A secure approach with data management compliant with French and European standards, ensuring the confidentiality and protection of sensitive information.

Rigorous Testing: All customizations will undergo rigorous testing to ensure system stability, reliability, and security under all usage conditions.

TRAINING AND TECHNICAL SUPPORT

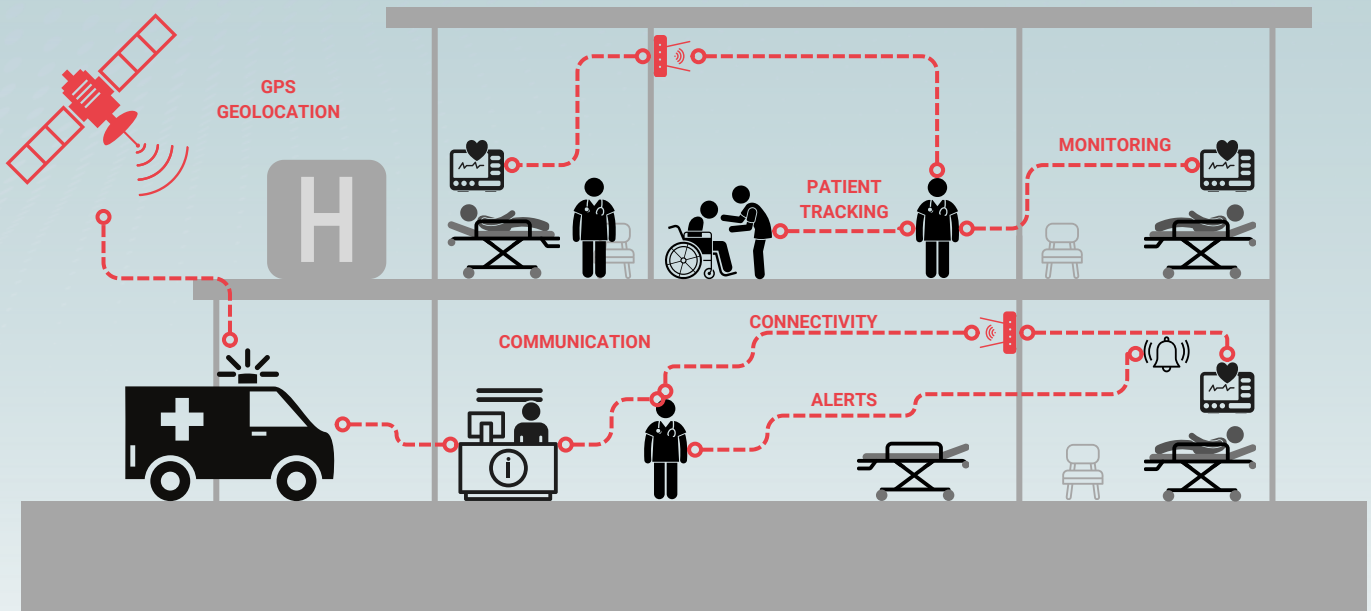

Customized Training: Specific training sessions will be provided to your team to ensure optimal use of the newly integrated features.

Dedicated Technical Support: Dedicated technical support will be available to address your questions, resolve potential issues, and ensure operational continuity.

USE CASE - HEALTH

OPERATION

SPECIFICATIONS

BIG TACTILE SCREEN
2,4" tactile with gloves
Readable in direct sunlight

CHARGER
MAGNETIC POGO PIN
CHARGER

DIMENSIONS & WEIGHT
8,1cm x 6,5cm x 2,5cm
130g / 0,28lbs

WATERPROOF
IP67 rate
1m depth during 30 min

SHOCKPROOF
IK08 rate
2m height shocks

TEMPERATURE RANGE
Cold -20°C / -4°F
Hot +50°C / +122°F

BATTERY LIFETIME
1800mAh
24h autonomy in operation

WI-FI
Wi-Fi Radio 802.11
a/b/g/n 2.4 & 5.0 GHz

GNSS
GPS / GLONASS /
GALILEO

BLUETOOTH
Bluetooth
BR/EDR/LE 5.1

REMOVABLE PROTECTING SHELLS

REMOVABLE TEXTILE WRISTBANDS

KAPTREK

ADDICTED TO THE FUTURE

PRO PILOT LAB

R&D of features around our building blocks, innovation

PRO PILOT TRAINING

Training in the use of KAPTREK PRO PILOT environments

PRO PILOT SUPPORT

After-sales service, maintenance, product updates, documentation
